

**PLANTHERA**

Your Path to Natural Wellness

# IgY

(Immunoglobulin Y)

**The perfect choice for quickly boosting your immune system! Made from the yolk proteins of high-immunity chickens (Gallus gallus), extracted with pure water and freeze-dried, it contains high titers of IgY antibodies. Enhance your immunity and help you recover quickly!**

## Active Ingredients

- ✓ **Egg Yolk Protein**  
1.25 g per tablet
- ✓ **Immunoglobulin**  
75 mg IgY per tablet

## Benefits

- ✓ For cancer and chronic infectious disease patients (such as hepatitis B, hepatitis C, tuberculosis, HIV, most influenzas), with a special effect on Covid and early-stage cold patients.
- ✓ For sub-healthy and healthy individuals for daily maintenance, high school students, athletes, sports enthusiasts, fitness enthusiasts, menopausal syndrome, anti-fatigue, and aging, as well as those with delayed development.
- ✓ Primarily used to rapidly suppress inflammatory reactions in the digestive system, effectively lowering all bodily inflammatory reactions. It can be used as an adjunct to all drug therapies, accelerating disease recovery.
- ✓ Mainly used to enhance immunity, provide antioxidant, anti-inflammatory effects, and neutralize free radicals and toxins in the body. These specific functional foods offer a blend of boosting immunity, combating oxidative stress, reducing inflammation, and neutralizing free radicals and toxins.
