

PLANTHERA

Your Path to Natural Wellness

NMN 18000 + Resveratrol

NMN is a direct precursor to the anti-aging coenzyme NAD⁺. It promotes DNA repair, energy metabolism, and gene silencing, thereby achieving healthy aging.

Active Ingredients

- ✓ **β-Nicotinamide mononucleotide (NMN)**
300 mg per capsule, purity 99.9%
- ✓ **Trans-Resveratrol**
100 mg per capsule

Recommended Dosage

Take with food.
Avoid taking before bedtime.

Benefits

- ✓ Supports energy metabolism and healthy brain function.
- ✓ Improves aging symptoms, boosts immunity, and enhances bodily functions.
- ✓ Has a clear reparative effect on Type I and Type II diabetes.
- ✓ Relieves male prostatitis with definite reparative effects on the urinary system.
- ✓ Has a clear reparative effect on infertility.
- ✓ Exhibits significant reparative effects on lung fibrosis.
- ✓ Rapidly promotes the production of a large amount of dopamine in the body.
- ✓ It has a definitive reparative effect during the recovery period for chronic coronary heart disease, cerebral thrombosis, stroke, and other cardiovascular and cerebrovascular diseases.
