

VG For Men

As a compound formulation combining unique terrestrial plants and marine organisms from the Americas, this product offers a natural and healthy male enhancement solution for men seeking a perfect sexual life.

Active Ingredients

✓ **Huanarpo**

Huanarpo contains a special proanthocyanidin called Proanthocyanidin B-3, extracted from its stems.

✓ **Rhodophyta**

The only type of seaweed among over 200 species in the Pacific Ocean near Vancouver Island, Canada, that can be used for health benefits.

✓ **Ostrea gigas tnnub**

It is one of the most resilient aquatic animals, using Canadian wild Pacific oysters that have grown for many years as the raw material for extraction.

Benefits

- ✓ Stimulates the smooth muscles of the penis and corrects erectile dysfunction.
- ✓ Effectively enhances penile hardness and prolongs intercourse duration.
- ✓ Effectively improves sperm viability.
- ✓ Relieves male prostatitis.
- ✓ Improves heart and blood circulation, effectively reduces heart strain, and quickly restores physical stamina.
